

I'm in IL-06, in 2018, TOGETHER we flipped decades of Republican rule in IL-06 itself and downballot in many parts of the District. The new map not only pits two terrific up and coming Dem Reps against each other, but splinters the volunteer juggernaut that propelled Dems into downballot election victories in the last four years. Losing either Casten or Newman is unacceptable mapping, when there are real alternatives that work while keeping an additional Latino district.

Sincerely,  
John Eschbach
